About AIM Gallery

Art. Ink. Musings

Conceived in the year 2023, the AIM Gallery is a uniquely diverse space driven by a passionate pursuit of the discovery and exploration of the arts. We are an artistically charged team for whom art is a vital catalyst of change, a powerful tool of communication, and an indispensable witness to our lives and times. Consider AIM an artistic intervention - we believe art has the power to transcend, transform and transport one to a realm of limitless possibilities, phenomenal growth and extraordinary experiences. At AIM, we pride ourselves on being enablers, helping you navigate the immensely interesting world of art, educating you on the artist and artworks, sharing our expertise and knowledge on art, trends and market dynamics to help you make informed acquisitions and decisions. With AIM comes an impressive network of galleries, auctions, dealers, artists, collections and intelligence built over the years, primed to be harnessed and help you gain access to this burgeoning arena.

AIM Artspiration

AIM was primarily founded on the sheer love for art, to promote a stimulating exchange of ideas, to encourage aesthetic literacy, to cultivate a spirit of enquiry and curiosity, to help make art accessible, joyable, and at the same time, work towards its preservation, appreciation and conservation. Rooted in artistic expression, we strive to challenge the boundaries of conventional definition of art and expand the horizons of how art is perceived, consumed and communicated. Visual, performative, experimental, digital, literary, contemporary - from exceptional curations for the art enthusiasts to premium network and powerful tools of promotion for art professionals, at AIM, you'll find your 'artspiration'.

AIM Vision

Our vision is to build AIM as a dynamic platform for cultural conversations, for nurturing artists, engaging art lovers and fostering a community that is creatively involved, aesthetically evolved and artistically literate. Our endeavour is to educate and enlighten people on art and its many facets, and be instrumental in building an artistically enterprising and invested community. It's an invigorating space that is nourishing and flourishing, restorative and reflective, diverse and inclusive, one that encourages fresh perspectives and aspires to cultivate an audience and environment that celebrates art.

The Founders

The Cultural Conversationalists

She brings the ink. He brings the art. Together, they connect over artistic musings. Art. Ink. Musings. AIM. When Gurpreet Kaur Jauhar and Munish Jauhar decided to embark on their own 'artistic' voyage, AIM came naturally to them. Avid travellers, voracious readers, chroniclers of daily life, it's their shared love for art and its pursuit that set a plan in motion and laid the foundation for AIM Gallery, a space pulsating with all things art, in 2023.

Armed with a degree in Arts and an expert calligraphist, Gurpreet finds art in everything - from the moving to the mundane, from the living to the stationary. Art, she feels, is not confined to frames or walls or any canvas, rather it can be seen and experienced in everyday encounters, environs, narratives, aesthetics. It's a million things. It's a gateway that travels beyond the realm of imagination itself - every little element has art flowing in it and that's the idea with which AIM was conceived. "To elevate and match our wavelength with that of the universe called art," is Gurpreet's perspective.

Entrepreneur, Founder/CEO GrayCell Technologies, Munish Jauhar's tryst with art happened when he acquired his first serigraph of a work by late legendary artist, MF Hussain in 2008. It instantly opened doors to a new world where he connected with art as a potent tool - of conversation, commentary, change and investment.

From here began their journey of appreciating and collecting art. Rare prints, first edition books, sculptures, handmade treasures, vintage photos, record players, bespoke pieces of furniture, a frame here, a picture there - art became their constant companion. Soon, they found themselves enriched with artworks, advising friends and family on art, artists and collections, curating and networking, investing and acquiring art and taste for art. It was time, they felt, to share this wealth of knowledge and expertise, to create a community and vibe that resonates with art.

Art, for the Jauhars, is a resplendent reservoir of thought provoking ideas, perceptions, history, heritage and culture. AIM's endeavour is to explore this reservoir and fill the art void in our lives with not only spectacular exhibitions and dialogue driven displays, but to expand the mind, open it to fresh perspectives, to recalibrate the center and allow art to help us heal and express, emote and create, sensitise and empathise, involve and evolve.

Come, let us break free from set norms and patterns, and see what lies beyond.

Curators' Note

Whispers of Light

Art has always possessed a quiet, enduring power, not loud or forceful, but persuasive in its softness. It guides us without instruction, soothes without demand, and gently reveals the light we often overlook in the rush of everyday life. Whispers of Light is an exploration of that subtle radiance, the kind that does not blind or dazzle, but arrives softly, like dawn touching the horizon.

This exhibition is a tribute to the quieter forces of beauty. Here, art is not merely an object of admiration; rather, it is a companion, a bearer of stories, emotions, and memory. It moves fluidly between moments, shifting from one mood to another, reminding us of the fragile transitions between darkness and illumination. It is often not the blazing sun but the muted glow, the diffused shimmer, the sliver of moonlight, or the pale blush of morning that makes us stop; to feel, to remember, to truly see.

Within these works, silence is treated with as much intention as color. The stillness depicted is not emptiness, but instead contains moments for reflection, comfort, and the chance for personal insight. Each canvas and brushstroke invites the viewer to pause and notice the subtle emotions and thoughts that are present, even if unspoken.

As you walk through Whispers of Light, observe how different types of light, natural sunlight, dim gallery lighting, or the contrast between shadow and brightness appear in your own daily life. Let each artwork gently remind you to notice the small, caring moments around you. Take a moment to stop, breathe, and allow the art to quietly guide you to pay closer attention and appreciate with a more open and patient perspective.
